

## Say Days Ago

## The Used

I still remember a year ago  
The times we spent  
I feel that I'm happier now  
I'm up from the down  
By all means  
It's strange 'cause I feel the same way  
I think of what it looks like  
I think of what it tastes like  
I think of what it looks like  
I think of what it tastes, tastes  
Same strange  
Said it's strange 'cause I feel the same  
Same strange, same strange 'cause I feel the same  
Still remember what it tastes like, what it felt like  
Makes me ill, me ill  
Strange 'cause I feel the same  
I think of what it looks like,  
I think of what it tastes like,  
I think of what it looks like,  
I think of what it tastes, tastes  
Same strange, same strange 'cause I feel the same,  
Same strange, same strange 'cause I feel the same  
Still remember what it tastes like, what it felt like, felt like  
e  
Same strange cause I feel the same  
God, it makes me ill, makes me ill, makes me, makes me ill  
God it makes me ill (3x)  
Makes, uh
