

All in Vain

The Vaccines

Well you can't hold a gun to my head, no you can't hold a gun to
my head,
Because baby I would just refuse, baby I would just refuse.

All in vain, all in vain. Well you don't know how I feel and I
can't
Explain.

Well you can't hold a gun to my head, no you can't hold a gun to
my head,
Because baby I would just refuse, baby I would just refuse.

All in vain, all in vain. Well I'll follow anything that takes
my eye.

All in vain, all in vain. When I self-
destruct for fun and I don't know
Why.

You might as well admit it, despite how you may see it. I'm never
gonna'
Waste my time with you.

I don't know how you do it, you know you kind of blew it. I'm never
gonna'
Waste my time with you.

Oh you can't hold a gun to my head, no you can't hold a gun to
my head,
Because baby I would just refuse, baby I would just refuse.

All in vain, all in vain. When I get an appetite that I can't refuse.

All in vain, all in vain. Having been there I would never go again.
