

# Dream Lover

The Vaccines

Dream they call desire  
Like it matters  
It doesn't matter much to me  
If I seem begrudging  
Or on another planet  
Actually

With a hollow embrace  
Let's go back to your place  
Uncover a lover  
You cannot replace

When I shut my eyes  
I got another  
Dream lover  
Somewhere in the dark  
I got another  
Dream lover

When you're on my mind  
I kinda like it  
Asleep, but for real  
(If you) Think outside the box  
Then everybody  
Could help their appeal

With a hollow embrace  
Let's go back to your place  
Uncover a lover  
You cannot replace

When I shut my eyes  
I got another  
Dream lover  
Somewhere in the dark  
I got another  
Dream lover

Dreamin' dreamin' lover yeah  
Dream lover  
With a hollow embrace  
Let's go back to your place  
Uncover a lover  
You cannot replace

When I shut my eyes  
I got another  
Dream lover  
Somewhere in the dark  
I got another  
Dream lover

Dreamin' dreamin' lover yeah  
Dream lover  
Dreamin' dreamin' lover yeah  
Dream lover
