

Primal Urges

The Vaccines

Primal urges
Animal urges
My appetite urges
Like a good fight urges

Primal urges
se**** urges
Those killer urges
Oh I forgot what the word is

Why the fuck are you looking at me
Pound for pound it could be easy
But you've got me wrong, you've got me wrong
I've got my primal urges

Primal urges
Intimate urges
Are unappeasable urges
But it's never been worth it

A forehead mounted register glows
Straight through the emperors new clothes
But I play along, I play along
I got my primal urges
Primal urges
Animal urges
My appetite urges
Like a good fight urges

Primal urges
se**** urges
That killer urges
Oh I forgot what the word is

Why the fuck are you looking at me
Pound for pound it could be easy
But you've got me wrong, you've got me wrong
I've got my primal urges
