

Risk It All

The Vamps

You just know
Sometimes you feel it on your bones
Though we've heard that hearts can still beat long
Something's telling me that you're the one
I just know
Even if I have a heart of a stone
You could make it bleed all on your own
You could break it but I hope you won't

I'd burn it down, I'd light up for
I'd risk it all

I'd like rather crash, I'd rather fall
Than never have your love at all
With only bricks to break my wall
For you I'd risk it all

Stand your ground
Win or lose I gotta see this out
Go to the hell, I'll let you watch me drown
It takes more than this to keep me down

Not giving in, not giving out
I'd risk it all

I'd like rather crash, I'd rather fall
Than never have your love at all
We're only bricks to break my wall
For you I'd risk it all

Come on just do it
You pull me through it
Come on just do it
You pull me through it
Come on just do it
You pull me through it

I'd burn it down, I'd light up
I'd take the way
I'm strong enough
Not giving in, not giving out

I'd risk it all
I'd risk it all
Than never have your love at all
With only bricks to break my wall
For you I'd risk it all

I'd like rather crash, I'd rather fall
Than never have your love at all
We're only bricks to break my wall
For you I'd risk it all
