

# Time Is Not on Our Side

The Vamps

We're getting better, better  
And get some letters, letters  
Now with my fingers now  
We're just watching, watching  
based on the current, current  
Now we made it, falling down

Now we got the door's closed,  
stay and stay with me  
You are mine and you'll go  
anywhere with me  
Tell me, can we stay right here  
and never leave?  
I could go on and on,  
time is not on our side

Waiting for the light,  
night after night,  
night after night  
And I know,  
where I gotta stay  
day after day  
day after day til we're old  
All I gotta do is lie next to you,  
lie next to you and stay close  
Whoa, time is not on our side

Looking in your eyes,  
night after night,  
night after night  
And I see,  
where I gotta stay  
day after day  
day after day to find peace  
All I gotta do is lie next to you,  
lie next to you and just breathe  
Whoa, time is not on our side

We gotta wake up, wake up  
Or just stay up, stay up  
And let the seconds chase us down  
We're going night in, night in  
Let the sun in, sun in  
So can we stop the clock from now?

Now we got the door's closed,  
stay and stay with me  
You are mine and you'll go  
anywhere with me  
Tell me, can we stay right here  
and never leave?  
I could go on and on,  
time is not on our side

Waiting for the light,  
night after night,  
night after night

And I know,  
where I gotta stay  
day after day,  
day after day til we're old  
All I gotta do is lie next to you,  
lie next to you and stay close  
Whoa, time is not on our side

Looking in your eyes,  
night after night,  
night after night  
And I see,  
where I gotta stay  
day after day,  
day after day to find peace  
All I gotta do is lie next to you,  
lie next to you and just breathe  
Whoa, time is not on our side

Oh no, time is not on our side  
And I could go on and on,  
time is not on our side
