

## Café 405

### The Vandals

Watching her at the mall she don't know me at all  
Hope no employee over hears  
Think I'm in love with you Red, Yellow, White & Blue  
Seems I've been watching her for years,

It brings a smile to my face as she hops with style and grace  
Way beyond 9 to 5, she's keeping hope alive - Cafe 405  
I'd always keep her warm in that silly uniform  
Tell her every day that she's the best  
Just wanna be with her, I'd never chat on her  
Wit someone at Panda Express

And nothing else makes me tick like when she's on that Pogo Stick  
I wish I wasn't afraid, she's making lemonade  
One day our love will arrive, so glad to be alive

I'm always flattered when my hot dog's gettin' battered  
She's gettin' better at it every day  
Shopping mall renegade, she's makin' lemonade
