Café 405

The Vandals

Watching her at the mall she don't know me at all Hope no employee over hears
Think I'm in love with you Red, Yellow, White & Blue Seems I've been watching her for years,

It brings a smile to my face as she hops with style and grace Way beyond 9 to 5, she's keeping hope alive - Cafe 405 I'd always keep her warm in that silly uniform Tell her every day that she's the best Just wanna be with her, I'd never chat on her Wit someone at Panda Express

And nothing else makes me tick like when she's on that Pogo Stick

I wish I wasn't afraid, she's making lemonade One day our love will arrive, so glad to be alive

I'm always flattered when my hot dog's gettin' battered She's gettin' better at it every day Shopping mall renegade, she's makin' lemonade
