

Choosing Your Masters

The Vandals

I think my TV's busted - if not this country's dusted - 'cause
I think I saw 7 Mary 3, - and they were on the MTV - They were
telling the people to rock the what? - Talentless hippies, Hoot
ie wannabees, - Southern fried kings of mediocrity - Now let me
get this straight - you want MTV viewers, - the worlds biggest
losers, - to vote? - the idea's wrong - in fact there ought to
be a law - if you can sit through a Silverchair video - you sh
ouldn't be allowed to vote at all - They call it a revolution,
I call it a curse - Tabitha sucks and Kennedy's worse - it's li
ke I got Clockwork Orange things on my eyelids - as I watch the
fans of Stone Temple Pilots seize power - A layer of shit spre
ads across the land - it's a PSA from the Rollins Band - now th
e sellout of all time, - who can't sing or write a rhyme - is t
elling his Genius club - they have a voice? - Well the voice of
his fans, - like those of Blind Melons - should be lumped toge
ther - w/ convicted felons - Just a segment of society - Not en
couraged to engage in public policy - This idea's wrong, - in f
act there ought to be a law. - Anyone who bought the last Hole
record - should be thoroughly deprogrammed - for the safety of
us all - This idea's wrong - don't choose your masters
