

# Failure is the Best Revenge

The Vandals

For all those who've failed  
you will have your day  
and you'll hear them say  
"I don't understand how things went wrong,  
I've always been great, good-looking and strong"

When they feel like you have all the time  
It's your revenge  
FAILURE

I guess that's life,  
failure is the best revenge

Be proud of your flounders  
and falter with pride  
Fail without shame  
cuz you never tried

Don't bother building a trophy case,  
Unless they start handing them out for last place  
Be humble because no one is safe  
It sneaks right up  
FAILURE

Everybody join the club,  
Failure is the best revenge

FAILURE

Only one way of doing things right,  
but a thousand ways wrong,  
so join the fight.  
In showing the winners we don't play their games,  
an army of losers  
retarded and lame

a chance to unite  
cuz we're all the same  
It's great to be a  
FAILURE

Never try  
Failure is the best revenge

Avoid mediocrity  
and run the other way  
Stay at the bottom  
you're welcome to stay

Make them remember you for failure without match  
Every defeat is a feather in your cap.  
I give a crap

We all belong  
FAILURE  
One billion strong  
FAILURE

come join the club  
FAILURE  
Never try  
Failure is the best revenge.
