

# Kill My Tenant

The Vandals

no respect  
for a land-holding man  
only scum  
who pay when they can  
free-loaders  
that hate what i am  
then beg me to fix their can

ugly harleys on the front lawn  
i come by  
to turn the sprinklers on  
just tryin' to keep up the place  
get a knuckle sandwich  
right in my face

kill my tenant,  
he ain't worth the rent

section 8  
pays most of their rent  
but they can't handle  
the 20 percent  
selling speed  
just ain't what it's been  
wanna see me  
make some homeless men?

rent's in the mail,  
you know that it's not  
i got filth attempting to squat  
think i'm kidding,  
'til someone gets shot  
i love slow targets on pot

just tryin' to get appreciation  
some return on my investment  
go buy your own home  
tom vu will show you how to  
own big money and a yacht

how i long for medieval times  
right to deflower virgins  
was mine  
no coalitions  
telling me what to do  
no pesky pinko ACLU

you can lynch  
whomever you like  
just be careful  
where you park that bike  
i'm not impressed  
by pigs with no class  
so get off your ass  
and go cut the grass
