

## Gun Crazyed Kids

The Varukers

Heard about the craze of the new school days  
Take along a gun blow people away  
Three plus one that makes four  
Now education ain't such a bore

Gun crazyed kids twisted fucked up gun crazyed kids

Go to school with hate filled eyes  
Destruction of life in their minds  
Don't need to learn to read and write  
Got their career right in their sights

Gun crazyed kids twisted fucked up gun crazyed kids

Never again get called a jerk  
Take revenge it's gonna fucking hurt  
Pull the trigger theree plus one  
See their maths ain't so fucking wrong

You're given the right to bear arms  
When things fuck up sound the alarm  
Make up your minds right or wrong  
Who takes the blame now the deed is done
