

Killing Myself to Live

The Varukers

You been believing in me forever everyday
Keep taking no matter, no matter what I say
well taking and taking and never want to give
Keep sucking me dry how do you expect me to live

Killing myself to live
I got nothing left to give
Kick me down when I fall
the bastards want it all (2x)

You like the new band shirt you bought at the mall
Your like the wolfs sniping at the door
You think I should be grateful for what I receive?
You think I'm just dreaming, Is that what you believe?

Killing myself to live
I got nothing left to give
Kick me down when I fall
The bastards want it all (4x)
