

## Nowhere to Go

The Varukers

Living in a city full of urban decay  
All you see around all that you say  
Living in a city full of dust and shit  
Unemployed statistics don't help a bit

You've just gotta break out of your hole  
Without a job you've got nowhere to go  
You've just gotta break out of your hole  
Nowhere to go  
Nowhere to go  
Nowhere to go
