

# Tell Us What We All Wanna Hear

**The Varukers**

Fill us with your corruption and you lies still you wonder why  
you're so despised  
Why don't you just tell us what we all wanna hear  
Why don't you just tell us what we all wanna hear  
Brought this country down was that your aim  
Brought this country down just for fame  
Why don't you just tell us what we all wanna hear  
Why don't you just tell us what we all wanna hear  
Fill us with your corruption and you lies still you wonder why  
you're so despised
