

## What the Hell Do You Know

The Varukers

So you say we sound like a vacuum cleaner  
And you say we don't go with dinner  
And you say we can't keep a beat  
And you say you can't tap your feet  
Oh yea what the hell do you know  
Oh yea at least at least at least we're trying  
You're always there trying to put me down  
You're always there trying to push me around  
We'll I'm just gonna warn you  
We'll soon be back to get you
