

Sold Me Out

The Veer Union

Whoa, You sold me out
All the words you can't erase
Are written on your face.
If you could would you replace?
Or let them go to waste?
You said to trust me
I tried it once

You,
You sold me out
You,
you sold me out

I feel that all that I've earned,
All the lessons I've learned,
I'm seeing in slow motion.
Before my tables could turn,
All my s you burned.
Fuck you, your common scum and
Whoa,
You sold me out
Whoa,
You Sold me out

You got the best of me,
Or I'd lead you to believe.
Now I'm coming back to say
I never went away

You,
You sold me out
You,
you sold me out

I feel that all that I've earned,
All the lessons I've learned,
I'm seeing in slow motion.
Before my tables could turn,
All my s you burned.
Fuck you, your common scum and
Whoa,
You sold me out
Whoa,
You Sold me out

You tried to fuck me once again
But I'll make sure you get yours in the end

You said to trust me,
I tried it once
Whoa,
You sold me out
Whoa,
You Sold me out

I feel that all that I've earned,
All the lessons I've learned,

You sold me out
Before my tables could turn,
All my s you burned.
You sold me out

You can't fuck with me, I'm leaving
You Sold me out
You can't fuck with me, I'm leaving
You Sold me out
