

## Over You

The Velvet Underground

Here I go again  
just gonna play it like a fool again  
Here I go again  
over you  
Over you

I'm just like a bell again  
you know, I'm starting to ring again  
Here I go again  
over you  
Over you

Typically, when I had it  
treated it like dirt  
Now, naturally, when I don't have it  
I am chasing less and less rainbows

Here we go again  
I guess, I'm like a fool again  
Here I go again  
over you  
Over you  
over you  
Over you
