

# Always

The Veronicas

My house my house is yours  
So you can take your coat off  
And you can close the door  
My love's not going to run out  
You've asked me this before  
I'm gonna say the same thing  
My heart my heart is yours  
You've gotta learn to trust me

'Cause I didn't say only 'til the party ends  
No I didn't say only 'til the money's spent  
No I didn't say only when the music plays  
I said always  
I said always

You hide your heart away  
'Cause hearts just end up hurting  
I am here to stay  
Just wish you felt like you deserved it  
Your eyes are on the floor  
I wish you saw what I see  
I'm forever yours  
Darling please believe me

'Cause I didn't say only 'til the fun runs out  
No I didn't say only 'til this all falls down  
No I didn't say only if the sunshine stays  
Oh whoa oh oh oh  
I said always  
Always  
Always  
Always

What else can I say to convince you?  
I'm not gonna leave you  
Oh, I'm here to stay, yeah

Come on take my hand  
Rest your head upon my shoulder  
I will help you stand  
Please just let me help you

'Cause I didn't say only till the night time comes  
No I didn't say only while we're both still young  
No I didn't say only while the music plays  
I said always  
I said always
