

Mad Love

The Veronicas

It's kinda cool in your your company,
it's kinda hot when you're mad at me,
you know I hate it when I lose a fight,
but you'll make it up to me tonight,
I take you places that you've never been,
you make me shiver when you touch my skin,
I know it's easy you don't come around,
I'm running trying to chase you down

We got that L O V E, the kind that makes you mad,
I put up with your crazy cause I'm your better half,
I think I like the challenge because I love to win,
you know you got the talent, pressing all my buttons in

I knew you were trouble from the the day I met ya,
one look in your eyes and I could not forget ya,
got me feeling -Oooh- got me feeling -Oooh- mad love, mad love

Trouble from the the day I met ya,
one look in your eyes and I could not forget ya,
got me feeling -Oooh- got me feeling -Oooh- mad love, mad love

I can take it baby that's alright,
you can't love without a little fight,
I really wanna be with you man,
you're such a pain to try and understand,
but the way you lay it down on me,
I can't wait cause it's hard to speak,
I gotta feeling you cast a spell, I slipped and then I fell

We got that L O V E, the kind that makes you mad,
I put up with your crazy cause I'm your better half,
I think I like the challenge because I love to win,
you know you got the talent, pressing all my buttons in

I knew you were trouble from the the day I met ya,
one look in your eyes and I could not forget ya,
got me feeling -Oooh- got me feeling -Oooh- mad love, mad love
