

Wake Up

The Vibrators

Too much poor
There's too much TV
There's going down
Well, it's confusing me

So wake up
Wake up
To the 20th century

Well, there's plenty other boys
We make a lot of noise
We're getting pretty vicious
We're gonna smash up all your toys

So wake up
Wake up
To the 20th century

Well I believe I've had enough
Yeah I'm getting ripped off
Don't you stand around and check it
Just go on and get it

So wake up
Wake up
To the 20th century

Out in the car
Sitting in a traffic jam
It's always happening
Yeah, again and again and again

So wake up
Wake up
To the 20th century

Well I believe I've had enough
Yeah I'm getting ripped off
Don't you stand around and check it
Just go on and get it

Wake up to the 20th century (6x)
Wake up
