

Hold On Now

The View

As simple as a feeling, the rumours you believe in
I'm not a worn out sun
As humble as a title, the things that you rely on
I'm not a clogged up gun

The scream that you are viewing, has left yer brothers fuming?
Your mothers purse is cursed
And don't think, blank, your body's a tank
But you were born to try

Your circles square, your life needs repair
You're holding on to the children's books
I wanna tell you I love you a lot
But for that I need a belly full of wine, wine, wine, wine...

I will hold on now
(What you doing, you're just losing)
I will hold on now
(What you thinking, you're just sinking)

The drinking and the stealing, can stop you from the dreaming
But yer hole comes first
The life that you've been leading, it tends to stop me breathing
My pacifiers burst

The fear that you've best own, turns me inside out is boring
Yer still my ladybird

Ain't no space, grace
Yer out of your face
And you were born to try

Your circles square, your life needs repair
You're holding on to the children's books
I wanna tell you I love you a lot
But for that I need a belly full of wine, wine, wine, wine...

I will hold on now
(What you doing, you're just losing)
I will hold on now
(What you thinking, you're just sinking)
I will hold on now x2

The only thing you need is a little bit of speed
And take a line of joke
The only thing you need is a little bit of me
Let's have a drink and a smoke

And I will hold on now x2

I will hold on now
(What you doing, you're just losing)
I will hold on now
(What you thinking, you're just sinking) x2
