

# Superstar Tradesman

## The View

Superstar tradesman  
Stand at the bar  
Get a trade son  
You will go far  
You have a house in the ferry  
And a new guitar that's never been played before  
And it never will  
Never been played before  
And it never will

The weather is sunny  
You're locked inside  
The weather is sunny  
Oh yes  
Ive tried and ive tried  
To keep me sane to keep me sane  
To keep me sane to keep me sane

I don't want money I want a thing called happiness  
I don't want cash you know  
I'd quite like memories  
To keep us on track  
Lets never look back  
To keep us on track  
Lets never look back

What would you do  
If I asked you  
What would you do  
If I asked you  
To sail away to see some sights  
Sail away with me to see some sights

Superstar tradesman
