

## Typical Time 2

### The View

We've never spoke in three weeks man  
And it's starting to freak me out  
I hope there's no one gelling my bird  
Together with all their  
Sweet and utter charm

We've flown around the world  
Together we've seen a massive range of sick bags even in  
Baghdad call myself your lad but seemingly you're sad

Oh oh oh oh
