

Broken

The Vincent Black Shadow

I will be Broken oh oh oh oh

Seven hours passed on your floor, but nothings wrong,
When they finally broke down your door I heard that song

But you always said you'd give it up, you'd give it up oh oh oh
, Oh you always said you'd give it up you'd give it up you'd give it.

I will be broken in words you have spoken x2
I will be broken oh oh oh.

Seven hours isn't that long, to wonder why.
Didn't even pick up the phone or say goodbye.

But you always said you'd give it up, you'd give it up oh oh oh
, oh you always said you'd give it up, you'd give it up, you'd give it.

I will be broken in words you have spoken x2
