

Fear's In The Water

The Vincent Black Shadow

Little ones, they scream like bunnies
Was it something you said about a faceless head?
A mirror locked in the room you wonder what it did
There's a crack in the floor that wasn't there before
I think it's looking at you

Fear's in the water
Tapping on your shoulder
Fear's in the water
Dragging down your daughter
Fear's in the water
Brazen like a soldier
Fear's in the water
Looking at you, oh
