

Medication Time

The Vindictives

Now it's celebration time
Nothing else will make me smile
I've been waiting quite awhile
It's my medication time
Tick tock- it's medication time
Pop pop, it's medication time
Now it's celebration time
Now it's medication time
I'm so glad that it's finally medication time,
And I can't believe that I made it to medication time,
Give me more give me more give me more give me more give me mor
e
Give me more more more more
Fuck me up, fuck me up, fuck me up, fuck me up,
Fuck me up, dirty motherfucker,
Now it's time to scream and shout
Now it's time to come unwound,
My favorite time is coming now
Now it's medication time
For me for me
Now it's medication time for me
Tick tock it's medication time
Pop pop it's medication time
Now it's celebration time
Now it's medication time
I'm so glad it's finally medication time
And I can't believe I made it to medication time,
Make it burn, make it burn, make it burn,
Make it burn burn burn burn burn,
Hit me hard hit me hard hit me hard hit me hard
Hit me hard, you mutherfucker mother fucker
Fuck me up fuck me up fuck me up fuck me up
You poodle butt fucker
Give me more, give me more give me more give me more
Give me more give me just one more...
