

## Anysound

## The Vines

I am a Vine  
All twisted and frayed  
Lookin' for light  
A million ways

Time hangin' around  
Been getting' me down now baby yeah  
Show me any sound  
Kill me now I'm dead

Keep for yourself  
Or throw it away  
Damage your health  
Or manage your brain

Time hangin' around  
Been getting' me down now baby yeah  
Show me any sound  
Kill me now I'm dead
