

# Cry

The Vines

You got me in a state  
You got me really down  
I wanna get away  
But I don't know just how

Waitin for tomorrow  
Here in my room  
I'm so sad without you  
What can I do?  
But

Cry cry

I'm feelin really lame  
With nothing much to show  
Sorrounded by the shame  
I've got no place to go

Waitin for tomorrow  
Here in my room  
I'm so sad without you  
What can I do?  
But

Cry cry

I just want to be happy  
I don't want to be blue

You got me in a state  
Cause now I know we're through  
I'm feelin so much pain  
There's nothing left to do  
But

Cry cry cry cry
