

## Darkest Shadow

The Vines

Got no memory so I don't mind it  
In the darkest shadow I've been hidin  
Now the time has come for me to start again  
Chase the meaning and the demon from my bed

Mary wanna mary go  
Turn my heart now  
Into stone  
See her love and see her low  
Mary wanna take me home

Got no synergy so I don't like it  
In the darkest shadow I decided that the time had come for me t  
o start again  
Every rhyme I've sung will leave you now for dead
