

# Highly Evolved

The Vines

I'm feelin happy  
So highly evolved  
My times a riddle that'll never be solved  
Dreamin for somethin  
Reachin for somethin  
Just waitin for the sun to carry me in

If you feel low  
You can buy love  
From a payphone  
I don't feel low

My brother Bill  
He work for the market  
Life is an arrow now and he is the target  
Dreamin for somethin  
Reachin for somethin  
Just waitin for the sun to carry me in

If you feel low  
You can buy love  
From a payphone  
I don't feel love

Highly evolved

I don't feel low
