

# One Week Of Danger

## The Virgins

We're best friends  
We hold hands  
We're in love  
You're my man

Darling no that's not me  
I'm a ghost in the sheets

Well is there something that you like about her?  
Yes I like the way that her body bends in half  
And is there something that you love about her?  
No there ain't a woman in the world I won't let go

Come on baby we can belong  
Please don't you spoil it  
Don't state whats wrong  
Let's get together  
And get it on  
Lets get those clothes off before I'm gone  
You talk about me like you own me baby  
Thats not fair  
I told you that I had somebody else  
You did not care  
And now you're talking on the phone  
You're telling all of your friends  
We love eachother  
Well is there something that you wanted from her?  
Yes I want her legs her body and her cash  
And is there something that you needed from her?  
No and if shes playing hard to get I'm out the door  
Come on baby don't say its true  
Please say you love me like I love you

Come on baby we can belong  
Please don't you spoil it  
Don't state whats wrong  
Lets get together  
And get it on lets  
Get those clothes off before I'm gone  
You talk about me like you own me baby  
Thats not fair
