

Have you read the papers and heard the shit they say?
Everything I don't want to know, will we be blown away?
See, nothing really matters just who is fucking who
Nothing that affects our lives, nothing about me or you

Biased fucking bullshit
No I don't give a shit
Celebrity fucking Gossip
You are full of it
Right wing propaganda
You give me fucking doubt
Bleeding heart agenda
What I fucking read about

You sit and watch the drama as they numb your brain
They take you fucking mind and flush it down the fucking drain
If this is what is news then I don't give a shit
Just let them be clueless, just let me abort the skit

Biased fucking bullshit
No I don't give a shit
Celebrity fucking Gossip
You are full of it
Right wing propaganda
You give me fucking doubt
Bleeding heart agenda
What I fucking read about
