

## Pale Bride

The Von Bondies

Here she comes  
My pale bride  
Makes it so that I don't try anymore  
All dressed in white  
Sad to see that I don't care anymore

Don't care anymore  
I don't care anymore  
Don't care anymore  
I don't

She's so kind  
And on my mind  
Fantasy that I can't fake anymore  
A lullaby  
Makes me wanna spend more time with you

Don't care anymore  
I don't care anymore  
Don't care anymore  
I don't

And she dies  
And she dies  
And she dies  
And she dies

All alone  
And on the pain  
Pay no mind that I don't care anymore  
And on your way  
Take your time to read what's on the wall

Don't care anymore  
I don't care anymore  
Don't care anymore  
I don't

And she dies  
And she dies  
And she dies  
And she dies
