

Paint a Picture

The Wailin' Jennys

Paint a picture of yourself
So I can put it on my shelf
Then I'll never ever ever forget your face
Just take a photograph at dawn
So I can see you when I'm gone
And when the sun comes up I'll wake up with you

I wanna see you smilin' there
Tell me that you really care

Maybe put my favorite record on
And dance till morning

And when I get back home to you
I'll take that picture with me too
Then I'll be seein' double
Boy you'll be in trouble
'Cause I'll be lovin,' huggin' and
Kissin' you double too
