

# Man From Reno

## The Walkabouts

If I could lose, If you could choose  
For this next Dance you might choose me

I ain't no pussy with the blues  
Just step out on the floor and see

Can't follow a man from Reno  
Follow a man from Zurich  
Follow a man from Italy

Can't follow a man with brain grass  
Follow his long long eye gas  
Follow a man from Munich  
Running out of luck  
Running out of luck in the midnight

Zodiac killers drained their hands  
And wipe away the shadows from the walls

Neighbours all say he's got no friends  
His friends all say you've got him by the balls

Look up  
You might even shred the stars  
Look up  
Might even stop the scars

Zodiac killer needs that crack  
He wants you back  
He's waiting in the bars

Zodiac killer needs that crack  
He wants you back  
He's waiting in the Bars

Can't follow a man from Reno  
Follow a man from Izmir  
Follow a man from Wyoming

Follow this waving heather  
Follow the angry weather  
Man from Sarajevo

Running out of luck  
Running out of luck in the midnight

Zodiac killers drained their hands  
And wipe away the shadows from the walls

Look up  
You might even shred the stars  
Look up  
Might even stop the scars

Zodiac killer needs that crack  
He wants you back  
He's waiting in the bars

In the midnight, in the midnight  
In the midnight, in the midnight  
After midnight, after midnight, after midnight
