

That's the Punch Line

The Walkmen

I know, that your superstitious.
That you follow glamour,
you're so caught up they push you around, and up and
down.
Because I see, its easy to be so blind.
When you say remember his face.
It's not so bad I say it cause its true.
That's change of style you're eccentric when you smile.
That's change of style we could catch you but your always
changing.
That's the punch line that's the way it should be,
and that's the last time you'll ever hear it from me.

That's the punch line.
How come in all of your fashion.
Magazines and people, they always look so mean
I know, I'm going down.
And I'm rolling over, I'm sick of that cynical kind of
humor
Remember this world, its not so bad its coming after you.
That's the punch line that's the way it should be.
And that's the last time you'll ever hear it from me.
That's the punch line.
That's change of style, you're eccentric when you smile.
That's change of style when we laugh its cause we're
laughing with you.
