The Walkmen

My lord, where is the "Thank you"  
Someone promised to me  
My lord, where's satisfaction  
It's all uphill for me

I've been faithful  
And I've been sweet  
Say I lost my marbles  
They don't speak for me

Don't keep it quiet  
Say to me  
Whatever you like  
Victory right beside me

We all get even  
We all get white  
Take what's good for me  
I know what I find

Victory right beside me  
There's blood all over my head  
Victory should be mine

Oh string you along now  
Lord, where have you gone?  
I want to call it memory  
Now watch them roll on

Victory right beside me  
There's so much blood  
All over my hands  
Victory right beside me

I've blood, blood on my hands
