Closer to You

The Wallflowers

How soft a whisper can get When you're walking through a crowded space I hear every word being said And I remember that everyday I get a little bit closer to you

How long an hour can take When you're staring into open space When I feel I'm slipping further away I remember that everyday I get a little bit closer to you

These are the days That I won't get back I won't hear you cry Or hear you laugh And when it's quite And I don't hear a thing I can always hear you breathe

You know there's nowhere else I've wanted to be Than be there when you need me I'm sorry too But don't give up on me And just remember that when you get asleep I got a little bit closer to you
