

# Eat You Sleeping

The Wallflowers

Heart wears the body  
and the body wears shirts  
Beneath my sleeping bag  
my heart sits in the dirt  
They'll eat you sleeping

But in my pillowcase  
I've got you hummingbird  
I'll eat you sleeping

I never should have bet my life  
when you only bet your sex appeal  
They'll eat you sleeping  
They'll eat you sleeping  
They'll eat you sleeping

You said that we were gonna  
take this train alive  
We'll eat you sleeping

You as the engineer  
me your concubine  
They'll eat you sleeping

Now no one's living in my dreams  
Only phantoms wanna be with me  
They'll eat you sleeping  
They'll eat you sleeping  
They'll eat you sleeping  
Oh oh

I let you supervise  
and you made me destroyed  
I made you qualified  
you made me whipping boy  
The ones you shouldn't want  
are the ones you want more  
I let you look inside  
and you butchered right through  
A little truth in every lie  
helps it go down smooth  
They'll eat you sleeping

In this asylum of fear she knew no devil  
that could keep us here  
This hummingbird I took her word  
my only souvenir  
But they'll just eat you sleeping  
The ones you trust  
Honest they'll just eat you sleeping...
