

# Everything I Need

The Wallflowers

I'm not looking  
For a warm embrace  
I'm not looking  
For a friendly face  
I've got  
Everything I need  
I'm not worried  
If you're coming back  
I'm in a hurry  
Cause' I just found out  
I've got  
Everything I need  
I've got  
Everything I need  
So even if you wanted to...

You can't save me  
You can't fail me  
I'm back up on my feet baby  
In the way down  
Is when I found out  
That I got everything I need

I'm not looking  
For a hand to hold  
I'm not waiting  
For someone to show  
I've got  
Everything I need  
I never found a wall  
I couldn't climb  
I never seen a well  
As deep as mine  
I've got  
Everything I need

I've got  
Everything I need  
So even if you wanted too...

It doesn't matter  
If I'm qualified  
Or if I ever learn  
To blow your mind  
I've got  
Everything I need  
I'm not looking  
For a place to shine  
I wake up  
And I'm satisfied  
I've got  
Everything I need  
I've got  
Everything I need  
So even if you wanted too...
