

# Health and Happiness

The Wallflowers

Maybe it's not  
That I don't care anymore  
Maybe I just never did  
You can't say  
That I have ever lied  
Because I keep the truth well hid  
Tell me what's wrong  
Is something wrong?  
You can't be sad  
When something you have never had  
Suddenly feels gone

I wish you health  
I wish you happiness  
But absolutely nothing else

I'm not here to keep an eye on you  
I think you misunderstood  
I could make things easy for you  
I won't  
But I could  
Does that make you sad?  
Cause' you look sad  
You should be glad  
For what you've had  
And don't feel bad  
I could wish less for you

There is no distance here  
To get across  
There's nothing to grip

Or get a hold  
The emptiness you feel  
Is nothing at all  
Now nobody brake any bones  
It could be worse  
Yeah it can get worse  
You've got your strength  
And you have got your health  
You should be worried bout'
