

# Josephine

The Wallflowers

I feel pretty good, I feel all right  
And I've been thinkin' maybe, I could spend the night  
I know you've been sad, I know I've been bad  
But if you'd let me make you ribbons from a paper bag

Josephine, you're so good to me  
And I know it ain't easy  
Josephine, you're so sweet  
You must taste just like sugar and tangerines

I won't make a sound  
Sleep on the ground  
When you wake I will  
Drive you into town  
I missed your smile  
Your schoolgirl style  
But I never had much fun  
Maybe the very first mile

Josephine, you're so good to me  
And I know it ain't easy  
Josephine, you're so sweet  
You must taste just like sugar and tangerines

Don't you know I watched you walkin' home from school  
Your friends on the old playgrounds  
You never looked so down  
Won't you come and help me with these cuts of mine?  
I've disconnected my heart and cut myself on the wires  
Josephine

I know I was wrong, I knew all along  
But I got so far from my home  
I never thought I'd be so lonesome

Josephine, you're so good to me  
And I know it ain't easy  
Josephine, you're so sweet  
You must taste just like sugar and tangerines
