

# Used to Be Lucky

The Wallflowers

Now mine is a sunshine kind of a valentine  
But sometimes I still don't feel even worth a dime  
But it used to be different, before I'd been where I've been  
Ooh ooh ooh ooh

Now you've got a heart so you know how it feels  
When you can't move at the top of a ferris wheel  
But I used to keep trying, but it always felt like dying  
Ooh ooh ooh ooh

So sad  
Everything's gone bad  
In the dreams I've had  
They all laugh at what I have

Oh, no  
Tell me that it ain't true  
When I awake I'm still me  
Man, I wish I could once be you

Now I used to feel lucky, 'till I spent some time with me  
Ooh ooh ooh ooh

Now if losing is amusing, man get a load of me  
You see me fallin' in love with a guillotine  
But it used to be funny, to think you would think of me  
Ooh ooh ooh ooh

Now I wish I could just take all my things and leave  
But I've fallen down in the wheels of this machine  
But it used to be somethin', to be nowhere with nothin'  
Ooh ooh ooh ooh

So sad  
Everything's gone bad  
In the dreams I've had  
They all laugh at what I have

Oh, no  
Tell me that it ain't true  
When I awake I'm still me  
Man, I wish I could once be you

Now I used to feel lucky, 'till I spent some time with me  
Ooh ooh ooh ooh

Now if losing is amusing, man get a load of me  
You see me fallin' in love with a guillotine  
But it used to be funny, to think you would think of me  
Ooh ooh ooh ooh

Now I wish I could just take all my things and leave  
But I've fallen down in the wheels of this machine  
But it used to be somethin', to be nowhere with nothin'  
Ooh ooh ooh ooh

So sad

Everything's goin' bad
