

## When You're on Top

The Wallflowers

I need a bed  
That nobody's slept in  
I need some air  
Nobody's been breathing  
I need a thought  
That I can believe in  
Is this fog  
Or is the building really burning  
I need you  
Much more than ever  
I'm making new friends  
But none of them matter  
Maybe now  
We don't fit together  
But you've got your arms around  
No one but strangers

I feel fine  
With the sun in my eyes  
The wind in my hair  
When I'm falling out of this sky  
I'm doing better than I thought I would  
But nothing's ever as good  
As when you're on top

I want to wake up  
And just start running  
Into a ditch  
Or straight up a mountain  
I want to get  
Where no one been gettin'  
Make it deeper than hell  
Or make it higher than heaven

I need someone whose price hasn't been met  
When everybody's disappearing  
By the minute  
There isn't anyone left  
I haven't meet yet  
Well I remember  
When they hadn't gotten to you yet

Half way up  
And over this rainbow  
I heard a shot  
Fire up from a ghetto  
As I drop  
I didn't think you'd follow  
Just didn't know  
The sky was this shallow

I need a garden  
Where nothing's forbidden  
I need an apple  
That no one's been eatin'  
I want to start again  
Back at the beginnin'

I had a vision  
That this feeling maybe has an ending
