

# To The Bright And Shining Sun

The Walls

Slipping, slip away in space  
Drifting, a smile upon his face  
There's no turning back what's done is done  
He's heading for the bright and shining sun

People, on the other side  
The people, who passed right through your life  
Their faces seem to fade away somehow  
So when I roll the cameras, come and take a bow  
It's so strange when life extinguishes it's flame

So I run, and I run, to the bright and shining sun  
Yes I run and I run to the bright and shining sun

Walking, through the barrio  
Stopping for, another carajillo  
She covers me in warm and gentle rays  
Holds me through the night and lights the day  
In this place i could escape and change my ways

So I run, and I run, to the bright and shining sun  
Yes I run and I run, to the bright and shining sun  
I won't let the days melt into a haze,  
I want to feel my heart I want to be amazed  
So I run and I run to the bright and shining sun
