

## Can't See Me Now

The Wannadies

How many days gone by,  
I don't know anyone no more  
I feel shy, going for a walk,  
Sky blue sky  
And (?), let them go  
Can't see me now,  
I see the world and you  
You're not allowed,  
I see the world go round  
Can't see me now, I see you  
How many days gone by,  
I don't know why we have to fight  
It's not me, eating up the words,  
All I give  
People still want me, let me go  
Can't see me now,  
I see the world and you  
You're not allowed,  
I see the world go round  
Can't see me now,  
Can't see me now, I see you  
How many days gone by,  
Many dreams have died, I don't care
