

Can't See Me Now

The Wannadies

How many days gone by,
I don't know anyone no more
I feel shy, going for a walk,
Sky blue sky
And (?), let them go
Can't see me now,
I see the world and you
You're not allowed,
I see the world go round
Can't see me now, I see you
How many days gone by,
I don't know why we have to fight
It's not me, eating up the words,
All I give
People still want me, let me go
Can't see me now,
I see the world and you
You're not allowed,
I see the world go round
Can't see me now,
Can't see me now, I see you
How many days gone by,
Many dreams have died, I don't care
