The Wannadies

Shorty

Oh god how fun to be the one, I'm so sad to say you're nice and all, But you're too tall, I have to go now

It always happens to me, always They feel attracted to me, Shorty Always, they say

If you go, I go with you If you stay, I'll wait If you don't know, I consider this a date

I stayed and she waited for me, No chance to get away I tried to think, Another drink, might help me

It always happens to me, always They feel attracted to me, Shorty Always, they say

If you go, I go with you If you stay, I'll wait If you don't know, I consider this a date

Stuck in the bar, I couldn't get far, She was still there smiling "It's not me being tall, it's you, You're small, I like that"

It always happens to me, always They feel attracted to me, Shorty Always, they say

If you go, I go with you If you stay, I'll wait If you don't know, I consider this a date
