

# Heartbreak Story

## The Wanted

She was staring out the window  
And the snow, it was falling  
Seemed like everything I used to know  
It was crumbling  
She cannot cope and it hurts inside her mind  
Couldn't let it go, let it go  
Couldn't bear to ever be alone  
She wondered how this had happened

He gave you up and then he let you down  
All the trust is broken now  
Can't remember how it used to be  
Doesn't have to be a heartbreak story  
Just say you'll let me in your heart  
I should've been there from the start  
I promise you as long as you're with me  
There'll never be heartbreak story

Girl, there is no need to hide away  
What's done is done now  
Tangled up, you and I lay  
Here together as one now

I'll surround you and keep you safe  
Everyday, everyday  
I know you never like to be alone  
And now you don't have to

He gave you up and then he let you down  
All the trust is broken now  
Can't remember how it used to be  
Doesn't have to be a heartbreak story  
Just say you'll let me in your heart  
I should've been there from the start  
I promise you as long as you're with me  
There'll never be heartbreak story

Oh, there'll never be heartbreak story

He gave you up and then he let you down  
All the trust is broken now  
Can't remember how it used to be  
Doesn't have to be a heartbreak story  
Just say you'll let me in your heart  
I should've been there from the start  
I promise you as long as you're with me  
There'll never be heartbreak story

I promise you as long as you're with me  
There'll never be heartbreak story
